

Cool seating area for little artists.

You will need...

- One roll of d-c-fix[®] Monza black and white
- One roll of d-c-fix[®] Table film
- d-c-fix[®] application kit with smoothing blade and cutter knife
- Pencil
- Tape measure

Step 1

Measure the seating surface and table top and transfer the measurements onto the backing paper of the film.

Step 2

Cut the film to size.

Step 3

Peel off part of the backing paper and apply the film to the edge of the seating surface.

Step 4

Press down the film using the smoothing blade.

Step 5

In the same way, cut the table film to size and peel off part of the backing paper.

Step 6

Press down the self-adhesive film using the smoothing blade – always work from the inside outwards.
