## **Declaration of Conformity**

**for materials made of plastic that come into contact with foodstuffs**

**Easy-to-care-for, transparent "d-c-table Murano" table covering made of PVC**

**Material numbers F3242000- F3242199**

We hereby declare that our transparent table coverings d-c-table Murano F3242000 -

F3242199, which are marked with the symbol , comply with the legal requirements of Regulation (EC) No. 1935/2004 and the Plastics Regulation (Regulation (EU) 10/2011) with all amendments. The materials and raw materials used comply with Regulation (EU) 10/2011.

The overall migration is below the legal limit value when used according to specifications.

**Tests** (in accordance with the recommendations of the "Guideline on testing conditions for articles in contact with foodstuffs", A CRL-NRL-FCM Publication 2009):

- Acetic acid 3%,
- Ethanol 50%
- Vegetable oil
- Test conditions: 2 h 40°C

Our table coverings are suitable for all types of foodstuff. Brief contact with foodstuff is harmless. The organoleptic properties of the foodstuff are not adversely affected.

The ratio of the surface coming into contact with foodstuffs to the volume used as the basis for determining the conformity of the material is 6 dm<sup>2</sup> per kg of foodstuff.

No functional plastic barrier is used.

Our table coverings contain substances which are subject to restrictions (SML / QM). For these substances, the limit values listed in Regulation (EU) 10/2011 are complied with when used in accordance with the specifications. All monomers and additives are listed in the Union list (Annex I of Regulation (EU) 10/2011).

## Dual Use Additives:

According to the information provided by our raw material suppliers, the products contain the following dual use additive:

Calcium salts of fatty acids (E470a)

The traceability of the products according to Regulation (EC) No. 1935/2004 is guaranteed by the material number.

We also confirm that all manufacturing steps are carried out in accordance with GMP (Regulation (EC) 2023/2006).
