**Food Safe Table Covering**

## Food Safe Table Covering

### Health first

#### What is food safe?

The best argument for a good, safe feeling at the table is: Food Safety. Food-safe products ensure that no ink, odor or taste is transmitted when they are in direct contact with food.

With the products of the **d-c-table®** range you can be sure that all products are food-safe.

The entire **d-c-table®** product range stands for:

- health safety
- first-class consumer protection
- independently controlled quality and safety

Look for  
the symbol

## Food Safe Table Covering

### Table Covering for every Occasion

- Ideal for everyday use, indoors and outdoors
- Individual decoration and design options for a special flair at festivals & celebrations as well as in everyday life
- A great variety of stylish, charming, classic and elegant designs that fit great to your home décor and your occasion

## Food Safe Table Covering

### Why d-c-table®?

- **100% food-safe:**  
for direct contact with food – and complete safety for children and adults at the table
- **100% water-repellent stain protection:**  
thanks to the durable premium coating
- **100% easy to clean:**  
**d-c-table®** products with textile underside can be washed and ironed on the backside
- **100% attractive:**  
ideal for individual table décor inside the house as well as outdoors

## Food Safe Table Covering

### Tips & Tricks

#### 1. How do I find the right tablecloth size for my table?

Measure the length and width or the diameter of your table – and add the desired lateral overhang of 20 to 25 cm per side.

#### 2. How can I get rid of the plastic smell when unpacking the tablecloth?

Simply apply pure vinegar cleanser (no vinegar water!) on a soft cleaning cloth – and wipe off the new tablecloth. Dry on the table or on the clothesline and let it air - done!

#### 3. How can I get my tablecloth wrinkle free?

For **d-c-table®** tablecloths WITH textile underside, you can gently iron the tablecloth on the underside (maximum level 2, without steam). **d-c-table®** tablecloths WITHOUT textile underside can be smoothed on the table by blow-drying.

#### 4. How do I recognize the food authenticity of tablecloths or placemats?

The food-safe products can be easily recognized by the glass-and-fork symbol on the packaging.

## Food Safe Table Covering

### DIY Ideas

**d-c-table®** tablecloths are also a great material for creative home-made crafts: How about self-created waterproof tablecloth and picnic blankets in your favorite colors? Or with individually designed shopper bags and bags? Practical game materials, reusable breakfast bags and funny rain jackets? Practical rain covers for bicycle seats? Or creative makeup bags... We wish you a lot of creativity and fun with your crafts!
